Why are students required to complete the SAFE e-learning program?
In support of our efforts to provide an environment that is safe and free of both harassing and discriminatory behavior, Michigan State University requires all students to complete the SAFE e-learning program. This program was developed as part of MSU's efforts to raise student awareness of relationship violence and sexual assault.

What happens if I do not complete the SAFE e-learning program?
Students who fail to complete the SAFE e-learning program by the required deadline will have a hold placed on their account, which bars registration and graduation. The hold will be lifted upon completion of the SAFE e-learning program.

Is the SAFE e-learning program the same as the SARV workshop?
No. The SAFE e-learning program is a mandatory online training program that all MSU students are required to complete. SARV is an in-person workshop that all incoming freshmen and transfer students are required to complete.

I am a survivor and I am concerned that the course may be triggering for me. Am I still required to complete the course?
Students may contact the Office of Institutional Equity (517) 884-0610 to request an accommodation.

How can I request a reasonable accommodation due to my disability?
Students may contact the Resource Center for Persons with Disabilities to request a reasonable accommodation.

I have not received an email notice to complete the SAFE e-learning program. Who do I contact?
